

BOLL BEHRENDT LÜDEMANN

GLOBAL INSURANCE & RISK ADVISORY

“The world is changing - facing new global risks & technologies”

BOLL BEHRENDT LÜDEMANN start a unique global insurance & risk advisory
for Insurance Due Diligence Services

Starting from now, we will provide insurance due diligence services for your worldwide project investments and their financing approval.

Global risks have been changing at an ever increasing speed for years. International risk reports indicate a massive increase in risks based on natural hazards and due to global climate change as well as a rapid increase in international cyber attacks. In 2020, the pandemic will tighten the risks for the entire world population; this must be a wake-up call in dealing with project risks.

The development leads to an exponential increase in your project risks. Best insurance protection must therefore be the focus of attention as per today in order to avoid financial losses in the future due to insufficiently insured loss events.

BOLL BEHRENDT LÜDEMANN is the unique combination of international know-how in Insurance & Risk Management, Law & Litigation and Banking & Project Finance in order to respond to this growing and changing need for insurance protection.

Christian Boll (Managing Partner, Insurance), Dr. Philipp Behrendt (Senior Partner, Legal) and Olaf Lüdemann (Senior Partner, Banking) have founded BOLL BEHRENDT LÜDEMANN Global Insurance & Risk Advisory GmbH based in Hamburg, Germany. Our addressees are banks, investors, family offices, project developers & companies with investment projects all over the world.

All founding partners have over 20 years of international experience in their specialities and an extensive specialist knowledge combined with a global network. Our specialty is Infrastructure & Energy and especially Renewable Energy with a special focus on sustainability, climate change and cyber risks.

We secure the best.
